*Weaving Point Twill
with Martha Town*

- Registration opens January 2, 2025
- Point Twill for four & eight harness
 - \$150 Workshop Fee

Explore a variety of weave structures and patterns that are woven using regular, extended, block or fancy point threading. On your 4 or 8 shaft table or floor loom you will weave a sampler of structures and then use the remainder of the warp to weave a project such as a scarf or table runner. Martha will provide a variety of point threading options so each participant's warp will be unique and inspiring for the whole class to observe and learn from. Design, discovery, and understanding are the goals of this workshop.
