Guild Meeting Program:

Kathrin Weber
**“Effective Use of
Materials & Color”**

Weavers Guild of Kalamazoo

7 Business Meeting on Zoom
- Members will be sent an invitation to join on Zoom -
7:45 Zoom Program

Do you have yarn in various colors, textures, weights, yarn types that you are not sure what to do with? Perhaps you have a lovely yarn that may not be strong enough for that warp you want to wind? Or your yarn is too fine or too big or the colors are too bright and they don't go together. Or, to be honest, the yarn you have been hoarding is just too dang expensive to use!

This program with images will help you think of creative ways to plan and execute woven projects of mixed yarn types and colors that you might have thought would never go together technically or visually.

□ □ □ □ □

Kathrin has been a full-time studio artist since 1980. Her work includes weaving, dyeing and teaching. She has a fearless enjoyment in using hand-dyed color in her teaching, shop (Blazing Shuttles) sales and weaving. Kathrin is a member of Southern Highland Handicraft Guild. She has taught at Penland, Arrowmont, John C. Campbell Folk School, Peters Valley, Appalachian Crafts School and guilds and conferences across the country.
